

## Mission Bay Yacht Club

### **Angler's Club Partnership / Sponsorship Opportunity**

On behalf of the Mission Bay Yacht Club Angler's Club we are reaching out to the local San Diego Boating and Fishing Community for assistance with club Sponsorship and Donations. The Angler's Club at Mission Bay Yacht Club is a newly formed non-profit club with the following intentions:

- Build and Promote a Junior Anglers Program with education on proper Boating and Fishing Skill's along with Saltwater Conservation.
- "Safety at Sea" Education Classes
- Fishing Techniques (Equipment Choices, Knot Tying, and Etiquette on and off the Water).
- Host Local Fishing Tournaments both for Adults and Juniors
- Fishing and Boating Events hosted by the MBYC Angler's Club at Mission Bay Yacht Club (open to club members and the public).

As a Non-Profit (503C (7)) Organization we are seeking partnership with Dana Landing. We are looking for donations of Equipment, Promotional Material, and Discounts of Equipment for our club members. In return we will promote Dana Landing on our Web-site, All Events, and Signage around the Mission Bay Yacht Club.

The Board of Directors at the Mission Bay Yacht Club have been very supportive and generous in our newly formed Anglers Club. MBYC has donated a 1977 Boston Whaler boat for the Anglers with intentions of promoting our Juniors in education of Boating and Open Water Safety (Navigation, Docking, and Assisting other boaters in need on the water). Please see the following page with pictures of our recently completed "refurb" project on our Boston Whaler.

Thank you for your consideration, please don't hesitate to call or email with any questions regarding the MBYC Anglers Club.
